Certificate of Compliance

This certifies that all materials supplied by Macromatic Industrial Controls conform to (i) all applicable Macromatic Industrial Controls' drawings and specifications in effect at the time of shipment, and (ii) all applicable customer and government drawings and specifications, if previously agreed to by Macromatic Industrial Controls' in writing. Required test data and reports will be maintained for the number of years specified by the customer/government, provided that prior notice of such requirement has in each instance been given to Macromatic Industrial Controls in writing, and will be made available for review upon request.

This certification is valid only to the original customer and is not transferable.

Sincerely,

Eric Horwath
Engineering Manager
Macromatic Industrial Controls
