

Conflict Minerals Declaration

As a manufacturer of control & monitoring products, Macromatic is aware of our obligations with regards to laws & regulations regarding Conflict Minerals, specifically the Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 1502. Macromatic does not directly source or process conflict minerals such as Tin, Tantalum, Tungsten, or Gold. Conflict minerals are contained within our products in the form of solder, or as a component in metal alloys and platings.

It is Macromatic's policy to source conflict minerals from conflict free areas. As part of our reasonable due diligence, Macromatic has contacted suppliers within our supply chain to verify their compliance with this policy. Based on the information received, Macromatic has determined that its products contain conflict minerals sourced from conflict-free areas.

Sincerely,

Eric Horwath
Engineering Manager
Macromatic Industrial Controls Inc.
